Published by the Student Publications Board
UPSALA COLLEGE
East Orange, New Jersey

Dear Reader:

"Poems are made by fools like me, but only God can make a tree."

The ultimate truth of that statement by Joyce Kilmer will never be discovered by superficial thinking. It is necessary to escape the everyday life, to use the imagination fully, yet tempered with an ever-present logic, in order to ferret out the deeper meanings.

We, the Upsalite Staff, have chosen the symbol of the tree for our agent to link the written word with the intrinsic feeling. The things we connect with our four years at Upsala are not expressable in writing-things "that chant of the seasons and time chant not of the past only but the future."

Therefore, we consider our own feelings toward our college with no little awe-filled wonder and humbly nominate *The Song of The Redwood Tree* by Walt Whitman as our theme.

THE STAFF

TO OUR ALUMNI

The Upsala College Alumni Association was organized on September 29, 1906, by members of the first two graduating classes. It has grown from a tiny group of eight until today its mailing list reaches over 3,000 graduates and former students. The first president of the Association was Reverend August S. Pearson, '05, who with his fellow alumni of 1905 and 1906 classes organized the group in Rock Island, Illinois where all the alumni of that time were studying at Augustana Seminary.

Until recently the Alumni Association activities were necessarily left in the hands of volunteer officers exclusively and the scope of the work was naturally limited. An awakening of interest among our alumni took place in 1948 with the establishment on Campus of a full time office devoted to Alumni work. The Constitution, revised as of June 1950, outlines the purposes of the Association.

The Alumni Association has taken progressive steps to keep abreast of the College's progress and to enable the alumni to play their rightful role in supporting Upsala.

Recapitulating for a moment, it might be said that the primary purpose or goal of any alumni association is to rekindle the spark of loyalty that most alumni felt for their school at one time or another while undergraduates, and to transpose that spark so that it will pay off in terms of support for their college. Not just financial support, but support in a myriad of other ways, such as supporting the cultural and athletic activities which the college sponsors each year, and what is most important, aiding the Administration in the recruiting of new students.

At Upsala our Alumni Association is green in comparison with the many similar groups of older and larger institutions and naturally cannot be expected to accomplish over night what other groups have been able to do. However, with the progress which has been made in the past several years and with the plans which we have for the future, our Alumni Association can become a very important factor in the future expansion of Upsala College.

GEORGE FENWICK
1951 Director of Alumni Affairs

Guests of honor Dr. Leonard Lawson and Rev. Joshua Nelson before the 1950 Homecoming Day game against Wesleyan. Dr. Lawson and Rev. Nelson were members of the original Viking squad.

Farewell Letter

FRANS AUGUST ERICSSON Ph., D., L.L.D.

Dean of College

The tradition of a college is usually centered about an idea—a relationship existing between the college proper and the students.

The removal of a part of either of these factors leaves a vast gap in the entire structure. Perhaps this is why college officials are reluctant to uproot an Old Main—a main trunk from which the other buildings stem. Similarly, the whole unit feels the loss of an important person when he is removed from the group. Such is the case with Dean Ericsson.

Since it is impossible to remain in a college four years without absorbing a substantial amount of its influence, so is it impossible for Upsala students to be graduated without coming to the realization of Dean Frans Ericsson and what he has meant to all of us. Some of us are more intimate with Dean than others, but all of us in truth can say that Dean Ericsson and his spirit is one of the greatest benefactors of academic achievement that this college has ever known. Always ready to expend valuable personal time, Dean Ericsson has repeatedly come to the aid of the students and fought endlessly for what was right, because he was acutely aware of student needs, and it was no mere coincidence that what the Dean thought was right and what the students thought was right were usually identical.

PRESIDENT'S MESSAGE

EVALD BENJAMIN LAWSON, Th. D.

President

Rather early in the seventeenth century some folks down in Virginia gave thought to founding an institution of higher learning. One day Dr. James Blair went to the attorney-general with a request for a collegiate charter and urged that the people of Virginia had souls to be cared for. He was greeted by the explosion: "Blast their souls. Let them make tobacco."

Two centuries later, a group with names we revere spoke and acted in a way quite different from that attorney-general. Of their youth they said, not "blast their souls," but, "bless their souls." Their prayer and vision took form. They are still taking form.

Every student at Upsala College is in debt to the pioneers who in the closing years of the last century established this institution of learning. We can best repay that debt by dedicating our lives to high and noble missions, in the service of God and humanity.

The Christian colleges of our country have shown an amazing strength and vitality. From the present era of severe testing these colleges will emerge victorious. They are dedicated to the King of Grace and Truth.

Evald Benjamin Lawson

DEANS

NILS ALBERT NILSON, A. M.
Vice President and Dean of Students

There is no other group of people in the world so apt to wander astray in endeavoring to reach their prestated goals than college students. Perhap it's because the student is constantly dealing with theoretical and problematic matters as his daily work. At any rate, it is unthinkable that these confused ethereal creatures should be allowed to wander about the campus and the community without some source of enlightenment. This source of enlightenment is incorporated in the offices of the Deans, to whom we bring our trials and tribulations. These people who serve us with their advice never say, "I'm too busy—," when someone comes to them with a legitimate problem. Advice,—advice is exceedingly easy to listen to, but sometimes quite a difficult thing to carry out. Advice is knowledge that comes to us from two sources: first, the branch called education, or theoretical knowledge; and second, the branch called experience, or practical knowledge. Our Deans represent a group upon whom we depend for both kinds of information and a group fully qualified to extend a helping hand to us weaker vessels.

ROSINA MARIE WALTER, A. M.
Dean of Women

HAROLD R. SANDBERG, B. D.
Dean of Men

ADMINISTRATIVE OFFICERS

Those "good old college days" would be quite impossible without the Administration to see to it that the college functions smoothly and efficiently. These officers direct all types of activity, from seeing to it that news releases are sent to the papers, to checking the requirements for entrance and graduation.

Some colleges maintain a constant and vigilant effort against familiarity between the Administration and the student body. Invariably, the principle reason for this policy is to preserve academic dignity. This policy is distinctly necessary, we all realize that. However, when the effort against familiarity produces an unbridgable gap between the Administration and the student body, you are sacrificing too much to gain too little. We at Upsala are fortunate in maintaining a midpoint of feeling in this matter. It just doesn't "happen" to be working at Upsala; it is the result of a combined effort on both the Administration's and students' part to conciliate on all matters of difficulty and of importance to both. Speaking from the students' point of view, we greet our Officers and Administration with a "Hi" assuredly, but that "Hi" carries with it all the reverence and admiration we feel for our Administration.

As we bid farewell . . .

As we bid farewell to thee— our thoughts roam tenderly—over
Years we've spent in deep content. With thee Upsala, with thee.
Now we go to seek our dreams as tho we part forever
It seems our hearts will always remain with thee Upsala, with thee.

1950
ANNUAL EVENTS

HOMECOMING . . .

"Is Carl here, and have you seen Linnea yet? My the old school has changed. Remember when . . .? Boy these kids sure have it better than we did. Doc's still here, and look . . . there's Almquist . . . Hi Johnny!"

Sure, it's Homecoming Day. We put our best collegiate foot forward; spit and polish the campus to welcome our alumni. This time next year we will be the ones asking the same questions and clucking patronizingly over fresh-faced freshmen.

But for today we have a show to put on. Those floats for the parade; we have worked on them most of the night and now the results are to be paraded through East Orange. It is a chilly, but golden and perfect autumn day.

On the Alpha Phi Omega float, Ben Emmons, Alex Spring, and Laurens Fletcher Youngs are clad in gold paint. Strong men these three, not a shiver from any of them. Yes, they are the prizewinning float.

The Thetas and the Taus are flapper basketball players illustrating the first annual competition in this field between the two sororities. Tan, brown and scarlet, and the black and gold battle valiantly for supremacy on the court.

King Football is the hero of the Alphies today, and as usual they've done a splendid job in assembling a float that is original.

There are many other wonderful creations illustrating "Upsala Sports; Past, Present and Future."

Thanks to Ernie Holmgren, his sidekick Lynn Silverman, and the others on the committee, Jane Sodergren, Roy Peterson, Ann Iverson, and Cliff Harrison for seeing to it that everything went off without a hitch.

With laughter and hilarity we troupe on to the new Viking Field and enjoy the spectacle of seeing our team trounce Wesleyan. During the halftime the alumni entertain us with an expert tumbling act. Turnabout is literally fair play.

Although being guests at the Upsala Homecoming in future years will involve less responsibility and work, somehow or other I would rather be a hard working host.

The Alphie's came thru with another prize winning float.

The "Gods" portrayed Mt. Olympus, and the origin of Upsala sports.

The Tau's and Theta's combined for third prize.

The "Owls" had their own Homecoming Queen.

1950

The day begins with a parade where we can exhibit our floats and our blue and grey Upsala Band. Our parade extends through the center of the East Orange all the way to Central Avenue and is a route about seven miles long. After the parade our floats return to Viking Field and we retreat for our reunions and luncheons before the big Homecoming Day game against Wesleyen University from up Connecticut way.

Our guests of honor, Dr. Leonard Lawson and Rev. Joshua Nelson, are members of the original Viking squad way back in 1905 and they take the spotlight just before the big game.

We trounce our guests to the tune of 17-6 and remain temporarily undefeated for the 1950-51 season.

We say so-long to one of the most successful Homecoming Day celebrations in the history of our school. After all, we even won the ball game.

SPRING

Trygve Lie, Secretary General of the United Nations and guest speaker at Upsala's 1950 commencement.

Spring Week was ushered in by a parade that has universal appeal; a parade of the ten prettiest Juniors on the Upsala Campus as chosen by the student body. The girls were clothed in the fashions of the moment. Brita Brask, "Bobbie" Brewer, "Googie" Grossman, Joan MacCulloch, "Mickey" Sieven, Lynn Silverman, Phyllis Smith, "Spook" Swanson, and Ann Yankowski modeled for us a sports ensemble, a date dress, and finally an evening gown to grace any dance.

The girls were judged on their personal beauty, personality, and activity in school organizations. Scholastic ability was a prerequisite for nomination for the position of Spring Queen. The judges, John Robert Powers, Mayor Martens, Pat Burrage, Capt. Traynor, and Adelaide had a tough time deciding who was to win the honor in this group of lovelies. In a close decision Phyllis Smith was chosen as Spring Queen, with "Spook" Swanson and Ann Yankowski as runners-up.

The ten runner-ups for the Spring Queen title were selected from the body of Junior girls by student vote. Left to right: Brewer, Sieven, Brask, Silverman, Yankowski, Smith, Swanson, Grosman, Mc Culloch, Quinn.

Upsala's Spring Queen finalists are congratulated by John Robert Powers. Left to right: Phyllis Smith, Spring Queen; Arlene Swanson and Ann Yankowski, attendants.

Event of the Year . . .

Upsala College took a forward stride in educational circles on November 8 and 9 with its sponsorship of a two-day Mid-century Convocation on the theme, "College Trained Men and Women, Creators of America's New Assets." The significance of the occasion was heightened by the appearance of New Jersey's Governor, Alfred E. Driscoll, and H. V. Kaltenborn, "dean of radio news analysts," at the evening sessions.

The first panel, on November 8, concerned "The Colleges' Role in the Future of Business, Science, and Industry." Speakers representing the branches of manufacturing, retailing, insurance, and research, gave their views on the position of college graduates in the competitive industries of today. The gentlemen agreed that a broad education is a great asset to those aspiring for recognition in business, but that the college graduate must be willing to start at the bottom of the ladder, for his college laurels will not give him much support if he tries to rest upon them. Members of this panel were: H. G. Kenagy, Vice President, Mutual Benefit Life Insurance Co., F. Stark Newberry, Vice President in Charge of Personnel, J. J. Newberry Co., Dr. Elmer L. Servinghaus, Director of Clinical Research, Hoffman-LaRoche, Inc., Ralf Lee Hartwell, Executive Vice President, Metal Textile Corporation, and Fredric E. Schluter, President, Thermoid Company.

The topic of the second panel was "The College's Role in the Future of World Affairs, Religion, and Philosophy." The panel, consisting of: Dr. Gordon A. Craig, Associate Professor, Princeton University, Dr. Carl Michalson, Assistant Professor, Drew University, Hon. Grace M. Freeman, Assemblywoman, Dr. Henry B. Kuizenga, Pastor of Central Brick Presbyterian Church and Moderator Dr. Robert B. Rockwood, Associate Professor of History, Upsala College, unanimously agreed that a liberal education is necessary to develop citizens who are aware of their roles in the nation and the world.

At the evening panel, the Honorable Alfred E. Driscoll, Governor of New Jersey, spoke about "The Tides and Our Time" before a large audience and radio listeners. The Governor stressed the importance of knowledge, not only for possession, but also for application. He also said that established values should be of quality rather than quantity.

On the second day of the convocation, representatives of education, culture, and community activities including: Dr. Robert H. Morrison, State Department of Education; Mrs. Parker O. Griffith, Music Foundation; Schuyler G. Harrison, Former President, Chamber of Commerce of the Oranges and Maplewood; and Dr. Evald B. Lawson, President of Upsala College, spoke on "Upsala's Role in Northern New Jersey." The conclusion of this panel was that Upsala is growing up; the college has proved itself to be a potential force but now it must start to realize its potentialities. It was agreed, in the discussion of

"The College's Role in the Future of Fine Arts and Athletics," that cultural and physical education are both essential as a step toward the goal of, "a sound mind in a sound body."

The convocation concluded when H. V. Kaltenborn, N.B.C. commentator, gave an address entitled "Fifty Fabulous Years," based on his recent book, surveying the past half century and emphasizing its significance in the history of the world.

On the whole, the speakers at all the panels agreed that a liberal college education is necessary for the development of mentally well-rounded citizens who will take their places as leaders in the world for the betterment of social, economical, cultural, and religious standards.

Several interesting exhibits were prepared by the college staff for the guests of the convocation including several items from the renowned Upsala Lincoln Collection and picture depicting the colleges growth and future development plans.

Due to a tremendous demand for tickets, some of the panels were moved from the auditorium to the gymnasium to accomodate those who wanted to attend the sessions.

WINTER COMMENCEMENT

President Evald B. Lawson is seen awarding Christian Anderson his degree during the first February Commencement in Upsala history.

On Monday, January 29, 1951 at 3 P.M. a group of seniors were gathered in Beck Hall auditorium. These students were following the pressure of the international situation which demanded expediency from every quarter. Because of this situation the first Winter Commencement in the history of Upsala College was held on this date.

Let us not forget that these students could have waited until June to share the more abundant honors of academic graduation present then. However, they did not wait, they have gone forth to do their bit in the "outside" world.

Five types of degrees were awarded; Bachelor of Arts, Bachelor of Business Administration, Bachelor of Science, Bachelor of Science in Business Administration, and Bachelor of Science in Education.

RELIGIOUS ACTIVITIES

LSA CONVENTION

DR. FREDRIK SCHIOTZ

In order to foster religious training so necessary for a well rounded personality, S.C.A. was organized. Listed among its varied activities are such things as three Bible study groups, radio programs over WVIK, and a comprehensive Caravan program.

Besides these activities, the S.C.A. undertook in the past year to entertain the Lutheran Student Association Conference in October. Among the schools attending were Princeton, Rutgers, New Jersey College for Women, and Trenton State.

Their next outstanding event was the annual Christmas service held at the Brick Presbyterian Church. Dr. Franklin Clark Fry, President of the United Lutheran Church in America, was the guest speaker.

Along a lighter vein the S.C.A. staged an Ashran at Camp Lutherwood between semesters. Bible study and winter sports were the order of the day. At the Atlantic Region Conference of the Lutheran Student Assocition at Buck Hill Falls, Pa., S.C.A. was well represented with a group of thirty students.

To round out their schedule the S.C.A. has sent about 25 groups of students on caravans to various churches in the New York and New England Conferences. These groups put on programs and conducted Sunday Services.

Along with the S.C.A. to take care of the worship services is the Pre-Seminary Fellowship. This group gives its members practical experience for their coming work.

Our hats are off to their splendid work.

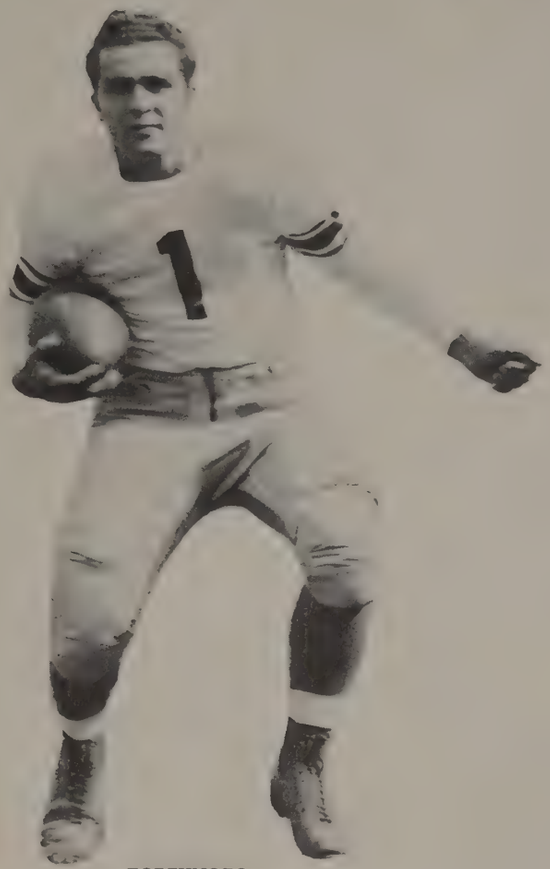
SPORTS

FOOTBALL



FORTUNATO

With the addition of three new members to the coaching staff this season, the Viking football team went on to complete their most successful season in Upsala's history. In his first season at the helm, head coach Vic Pedersen led the Norse eleven to seven triumphs in eight starts.

Pedersen, former Minnesota and Gustavus Adolpus tackle, was elected to a berth on the Little All-American team in his senior year at G. A. A. professional debut with the Detroit Lions was abruptly terminated after one season by an injury. Again at Gustavus he took over the duties of line coach where he served until his Upsala appointment.

Mat Bolger and Al Loux are the other new additions. The end coaching duties were left up to Bolger, former Notre Dame and Cornell star, while Loux took care of the line.

The only holdover from the 1949 season was Tom Durkin. Durkin this past season coached the frosh eleven to three victories in five attempts.

Aside from the excellent record compiled by the Vikings, was the playing of all home games on the newly reconstructed Viking Field. The Norsemen played on Viking Field for the first time since 1941. Since work began on the former "Viking Follies," stands have been erected to seat 5,000, quite an increase from a little over 1,500 in 1941.

The Norse "eleven" were victorious over Hofstra, Moravian, Hartwick, and Wesleyan before being trounced by Baldwin-Wallace. After recovering from the Ohio drubbing, the Pedersenmen recorded wins against Wagner, C. C. N. Y., and Montclair Teachers.

Using the modified Missouri "T" with unbalanced line for the first time in actual competition, the Vikings trounced Hofstra in the season opener 20-6. In two of the Norse T.D.'s the line was the key factor. Ernie Pataky, tackle, broke through the Flying Dutchmen's line. On the next play Joe Fortunato scored. Al Malnak, tackle, broke through in the second quarter to ruin another Flying Dutchmen punt, this time on their own 26. Two plays later sophomore Frank Rogers went over for the touchdown. Leo Zenda made the first of two successful conversions. Fortunato scored his second T.D. of the game in the last quarter when he took a handoff from quarterback Jack Leeds and went the remaining eight yards.

In their second encounter of the season the Blue and Gray scored two touchdowns in the final period against Moravian and as a result overcame a one point deficit "to win going away" 25-13. Upsala drew first blood in the initial stanza when Ray Gramkow, end, recovered a Grayhound fumble on their own four yard line. Two plays later co-captain Paul Schneidenbach broke through for the score. Moravian tied the score in the second quarter, on a 19 yard run by their right halfback. The Vikings pulled ahead in the third period as Frank Rogers ran an intercepted pass 48 yards to pay dirt. Early in the final period Moravian pulled ahead 14-13 as they scored a T.D. and also added the conversion. John Hooper put the Vikings back in the lead for good as he caught a 19 yard pass for Leo Zenda. Safety man Fred Rosenberg iced the game as he intercepted a Moravian pass and scampered 44 yards for the final score.

Playing before a partisian crowd for the first time this season at Viking Field the Vikings had their hands full before edging out Hartwick College 14-7. With only two minutes left in the contest Jack Leeds tossed a T.D. pass to Ray Gramkow to break up a 7-7 tie. Leo Zenda added both conversions. Frank Rogers scored the first Upsala touchdown on a 43 yard pass from Zenda. Mat Denardo, starting end, was

the victim of a knee injury against the upstaters and as a result saw only limited action the remainder of the season.

Upsala ran its unbeaten streak to four games as it defeated Wesleyan University 17-6 before 5,000 homecoming fans. Paced by Joe Fortunato and Frank Rogers the Vikings went ahead early in the first quarter. Co-captain Fortunato weaved 35 yards for the T.D. Although the Vikings drove inside the Wesleyan 10 yard line on numerous occasions before the end of the half, they still were unable to score again. Midway in the third quarter Upsala tallied a safety as guard Tony D'Amiano nailed a Cardinal in his own end zone. A second safety was recorded in the final quarter as Don Kukelski brought down another Cardinal. After Wesleyan scored its only touchdown of the game Frank Rogers received the kickoff on his own 18 yard line and raced up the middle of the field and went the remaining 82 yards for the longest run of the game. Zenda kicked the extra point. An outstanding performance was turned in by guard Tony D'Amiano who was continually in the Cardinal backfield as he brought down one Wesleyan back after another.

Coach Vic Pedersen's football squad received unprecidented publicity for a Viking eleven following their victory over Wesleyan. Throughout the country the Blue and Gray were mentioned in the same circles as Army and Oklahoma as lists of unbeaten colleges were published. Upsala was one of the 52 unbeaten, untied college gridiron teams in the entire country.

The rise to the top was short-lived, however, as the East Orange outfit faced powerful Baldwin-Wallace of Berea, Ohio the following weekend. At Ohio the Norsemen were trounced by Baldwin-Wallace 49-7 as the Yellow Jackets piled it on. There wasn't a thing the locals could do in order to stop the massacre. The Vikings only tally came in the third period when Fortunato burst into the end zone from three yards out to culminate an 81 yard Viking drive that consumed 17 plays.

Upsala's football team chartered two planes for the trip and thus was the first Viking athletic aggregation to take to the air lanes.

The Blue and Gray got back on the winning trail as it defeated Wagner 34-6. Paced by Jack Leeds and Nick Parlevecchio, the Vikings tallied in every period and never were in any serious trouble. Leeds was the outstanding performer as he set up two touchdowns and tossed two other T.D. passes. Ends John Hooper and Don Kukelski were the T.D. receivers. Parlevecchio scored twice, once on a line plunge and then on a 45 yard dash. The other six points were registered by Fortunato on a handoff from Leeds. Zenda was successful on four out of five extra point conversions. The entire line turned in their best performance of the season as they held the Seahawks to a minus 16 yards on the ground.

Its hard to tell whether it was the fault of the offensive or defensive squad that we won seven out of eight. Perhaps it was the close coordination Coach Pedersen seems to have implanted. Left to right: kneeling; Kukelsky, Patrick, Shenis, Cullen, Grankow. Standing; Albano, Reilly, Armbruster, Rogers, Schneidenbach, Rosenberg.

ARMBRUSTER

DENARDO

Three touchdown passes by quarterback Jack Leeds gave Upsala a 27-14 victory over C. C. N. Y. Although he completed only nine of 23 passes, Leeds was able to connect with the long ones when they counted. He hit end John Hooper with payoff tosses of 80 and 76 yards and threw a 52 yard touchdown pass to left halfback Joe Fortunato. Bob Riley scored the remaining T.D. on an 11 yard smash thru the center of the line. The game was strictly a passing game with no less than 73 attempts made.

In the season finale against Montclair Teachers, the Blue and Gray swamped the tutors 46-19. The starting line up was made up of 10 seniors. Seven players got on the scoring bandwagon as the Pedersen men lowered the curtain on their most successful season. Joe Fortunato led the attack with two touchdowns, while Schneidenbach, Rosenberg, Gramkow, Hooper, and Parlevecchio each chipped in with one. Leo Zenda kicked four extra points. Center Fred Kirtland suffered a serious injury when he factured his ankle midway in the Teacher game.

Playing their last collegiate game were; Matt Denardo, John Hooper, Don Kukelski, Ernie Pataky, Charley Patrick, Tony Salerno, Charley Zern, Leo Zenda, Vince Albano and Paul Schneidenbach.

Joe Fortunato was the leading ground gainer for the Vikings, gaining 779 yards in 138 attempts for an average of 5.6 yards per try. Jack Leeds was the top passer completing 32 out of 92 for 724 yards. The sophomore quarterback also tossed seven touchdown passes. John Hooper was the leading pass receiver, grabbing 12 for a net yardage of 432. Hooper also led in the punting department with an average of 36.8 yards while punting 28 times. Fortunato led the squad in scoring with 48 points while Hooper was in the runnerup spot with 30.

Linemen who played steady ball throughout the campaign but never hit the headlines because of their inability to score were: Kurt Armbruster, Art Bauer, Bill Cullen, Tony D'Amiano, Ed Farley, Fred Kirtland, Kerry Lawler, Al Malnak, Al Marron, Ernie Pataky, Charley Patrick, John Shenis, Charley Zern and Russ Bissett.

Defensive backfield men who never received the credit they deserved are: Kenny Rogers and co-captain Paul Schneidenbach.

Upon conclusion of the regular season the entire squad, managers and trainers received jackets for the excellent results they turned in.

For his many fine performances, co-captain Joe Fortunato was the recipient of the "Coaches Award," a trophy presented to the Outstanding Player of the Year.

Cheerleaders Karin Sandberg, Don Trien, Ann Iverson and Lynn Forsberg do much to rouse the crowds support of the "Blue and Grey."

ZERN

BASKET

Skea goes up for a hook shot.

Berman in the pivot.

Highlighted by a late season upset win over Temple, 96-93, the 1950-51 cage season ended with the Vikings on the long end of a 13-11 record. Monte Berman, winner of the Rasmussen trophy as the season's most valuable player, thrilled an overflow crowd at Orange Armory by outscoring All-American Bill Mlkvy of Temple, 37 to 35, to break Upsala's previous individual scoring record of 33 points.

At times, this season, the Blue and Gray flashed signs of greatness, compiling an eight-game winning streak, and upsetting such court powers as Providence, Temple, and Lincoln. But on other occasions they failed against seemingly mediocre opposition, lack of height often proving costly. This was a high-scoring quintet, however, and an average of 74.2 points per game placed Upsala eleventh among the nation's small colleges in total scoring.

A trio of Norsemen passed the 300-point scoring mark, Monte Berman's 396 and Capt. Graham Skea's 339 points both topping the former season scoring record of 333 set last year by Ed Little. Monk Rawding, whose aggressive play proved the deciding factor in several Viking victories, netted 310 points. Another school record fell before this year's hoopsters when they tallied 99 points against Moravian.

Graham Skea led the Walker-men in foul shooting, with a .728 average from the line, while Bob Fischer, with 39 field goals in 92 attempts, had the best shooting percentage.

Russ Bissett, showing rapid improvement as the season progressed, provided much-needed height, taking up the slack after Ken Stewart forced to remain on the sidelines during the second semester because of illness.

Marv Goldberg's set shooting and fine defensive work will be sorely missed next season. In addition to Goldberg, Coach Don Walker will lose such key men as Berman, Rawding, Skea, and Stewart through graduation. Bob Brill will also receive his diploma in June.

BASEBALL

Upsala's 1951 baseball team teetered on the .500 mark all season and finally landed squarely on it with the cancellation of its last scheduled game against Wilkes College.

An overall picture seemed to find the Norsemen very tough to handle on their own ground while giving way considerably on the road. 10 of its 11 victories were at home while on the road they lost 6 out of 7. This ineptness on the road plus weakness defensively was enough to offset an averge 5.59 runs per game and maintain an even 11-11, .500 season record.

Offensively, Capt. Harold "Rabbit" Dunbar led the regular starters in all departments except R.B.I.'s. and home-runs, held by the long-ball hitting Neil Johnson. Rabbit's 28 hits in 82 trips gave him a .341 average and the batting crown. Rabbit virtually walked away with this department when he blasted 10 hits in his first 11 trips of the season including 6 doubles and 1 home-run. Neil Johnson's 21 R.B.I's. gave him the lead in that field while his two homers were just enough to shade the lone circuit clouts of Roy Hunt, Bobo Del Monte, Rolf Hempel and Rabbit Dunbar.

Upsala's mound staff was paced by the highly effective work of Roy Hunt whose 5-2 record doesn't reflect his highly creditable 1.73 ERA along with 57 strikeouts in 83 innings pitched. No. 2 man on the staff was Bill Foster whose 2-8 record efficiently disguises his 5 1-run losses which could just as easily have gone the other way. Foster's biggest victory of the year was his 7-6 triumph over Seton Hall during a game played through snow and freezing temperatures. Rounding out the mound staff were Bob Henderson, Mike West and Nick Parlavecchio.

Covering the outer garden for the season were Dunbar in left, Henderson in center and Groezinger in right with Ken Stewart seeing considerable action in center also. The inner defense was punctuated by Pete Vecchio at third, Rolf Hempel at short, Bill Stachel at second and Neil Johnson at first. Behind the plate were Bobo Del Monte, Bob Peterson and Buddy de Lazaro.

Undoubtedly the most outstanding offensive achievement dealt by a single blow all season was Rolf Hempel's crucial grand slam with the score tied against

Seton Hall in the last half of the eighth inning of the first encounter of the two teams. With Upsala behind 3-2 in the eighth, Capt. Dunbar led off with a single. Neil Johnson followed and reached first safely on Griffin's error at second. Del Monte struck out, but Henderson tied the score with a single to left scoring Dunbar. Vecchio walked to fill 'em up and the Seton Hall moundsman was recalled in favor of Tony Pellarin whose initial offering was promptly belted over the right field fence by shortshop Hempel for a Frank Merriwell finish.

Lost to the team for the ensuing year through graduation, will be Capt. Dunbar, catcher Bob Peterson, catcher Bud de Lazaro, Pete Vecchio and Rolf Hempel. Next year's club will have a good nucleus, however, in returning lettermen Neil Johnson, Bill Groezinger, Bob Henderson, Bobo Del Monte, Bill Stachel, Bill Foster and Roy Hunt.

TRACK

Under the able coaching of Professor Walter Taylor, Upsala completed its third cross country season with a four and two record. Upsala also took fourth in the Metropolitan Small College's meet and Tenth in the Middle Atlantics.

Over the three years, Upsala has had a hill and dale team, The Vikings have increased their schedule and have managed to compile nine wins against six losses for the period.

This Fall the Viking harriers opened up against Scranton University at home and lost 23-32. Low score wins. Next, the Taylor men traveled to Easton, Pennsylvania to face LaFayette. Although Upsala was an underdog, our harriers managed to pull an upset over the 3½ mile course by defeating LaFayette 25-30. Gus Waldon placed second, Bill Weitzner third, Hal Asmund fifth, closely followed by John Panella sixth, and Webster ninth.

Members of the track team receive instructions from former coach McNally. Left to right: 1st row: McNally, Cullen, Starr, Scheurer, Panella, Weitzner. 2nd row: Hooper, Schneidenbach, Shields, Bankin, Kukelski, Clayton, Purcell, Denardo, Walder.

Just pasting another Upsala victory to the records.

Upsala's third meet took place in Brooklyn's famed Van Courtland Park, scene of the IC4A championships. The Blue and Gray blasted Brooklyn Poly Tech. for the second straight year to the tune of 21-34.

Coming back home to the South Orange Reservation, course of five miles, Coach Taylor's harriers hung up their third straight victory by defeating the University of Bridgeport 18-37.

Montclair State Teachers College ended the Vikings winning streak by swamping them 16-39. Weitzner fifth and Asmuth ninth were the only Upsala men to place on their home course that day.

Upsala then traveled back to Van Courtland Park to take fourth in the Metropolitan Small College's meet. Iona took first while Montclair State and Hofstra tied for second and third respectively.

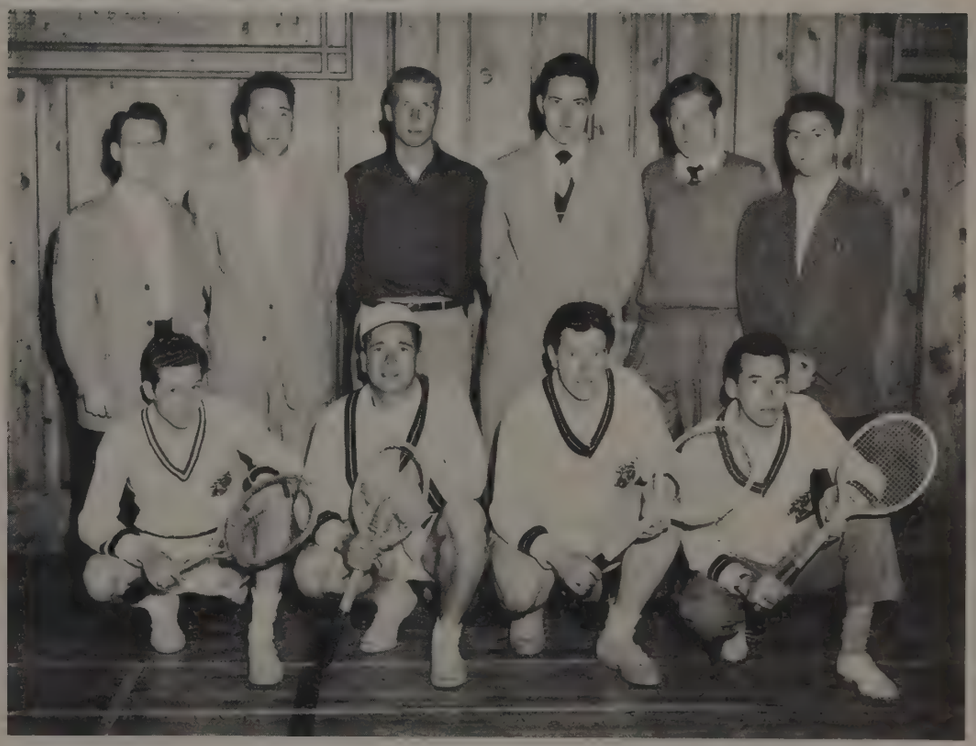
CROSS-COUNTRY

TENNIS

During the past year, Upsala's Tennis team, coached by Charles Lundgren, has won 6 out of 9 matches.

Of last season's team, Don Harpell, Lee Halprin, Bob Wilde and Jack Manning have graduated, leaving Don Kirk, Sanford Jallofsky, Don Rizzo, Dick Ivans and Pete Paterson to meet the oncoming season.

Coach Lundgren, having directed the team for the past two years, will remain as coach for the 1951 season.



The Tennis team will see action against Newark Rutgers, Lehigh, Seton Hall and other teams this season. Left to right: Wessel, Manning, Rappe, Harpell, Jallofsky, Rizzo, Deutch, Kirk, Gilbert.

WRESTLING

Upsala's representatives at the Newark Rutgers matches included: 1st row: Czarnecki, Simones, Bauer. 2nd row: Lee, Hopper, McKenna, Jeremiahs, Specht.

Another first was added to the Upsala athletic program as the wrestling team, under the direction of Professor Frank McKenna, completed its initial season with a record of one win in four attempts.

Upsala's grapplers started out on the right foot by whipping Newark Rutgers, but then hit the skids as they lost successive matches to Kings Point Merchant Marine Academy, Brooklyn Poly, and Long Island Aggies.

The won and lost record, however, isn't a true indication of the progress of the squad. All of the grunters and groaners are underclassmen wrestling for the first time in actual competition. With valuable experience gained with each successive meet, the returning grapplers will be sure to come into their own next winter.

Members of the first wrestling squad in Upsala's history are: Walt Specht, Al Czarnecki, Lyman Simonds, Art Bauer, Tim McQuade, Bill Lee, Walt Hopper, Myron Lugasch, and Jeremias.

GOLF

The Upsala Varsity Golf Team is one of the very new extra-curricular activities on campus. The members are not required to be professionally adept in the art of golfing, but must have a certain amount of ability and a desire to learn and improve their game. The coach of the team, Bud Geoghegan, has given unstintingly of his time and effort to produce a winning team.

Because of the newness of the organization and the lack of experience in playing together as a team unit, the golf team just played "on the rough" last season. However, with more experience under their clubs the team should move up the course to finer achievements in the future.

The members of Upsala's Golf team are really enthusiasts and can often be seen on the local greens.

Members of the Ping Pong team take a break to let the "Upsalite" get a picture. Left to right: Campanella, Prince, Anderson, Ricciardi, Fleck.

PING PONG

Upsala's table tennis team, coached by Professor T. Fleck, has done it again. In thirteen matches this season, against six colleges, the team has emerged undefeated.

In addition, the team has won the New Jersey State Intercollegiate Championship for the fourth consecutive year. The team placed first last season in the National Championship which was held at Syracuse, New York.

Team Captain Alvin Nochenson, who graduated this past February, was captain of last year's National Championship team.

Jim Anderson has been selected as the new team captain. The team members this season, aside from captain Jim Anderson, include: Irv Prince, Tony Companella, Tony Ricciardi and Marvin Goldberg.

The table tennis teams which the Upsala team has defeated this year are: Rutgers University, Union Junior College, Montclair State Teachers College, Newark Rutgers, Newark College of Pharmacy and Newark College of Engineering.

SKIING

One of the newly organized activities on Upsala's campus is the Ski Club which provides not only an excellent recreational pastime but offers proper instruction in the art of skiing.

During the past 1950 season, despite poor skiing conditions, the club managed to take approximately eight ski trips to New York, New Jersey and Connecticut areas. The highlight of the season was a four day ski trip to Vermont. Weather conditions were more favorable for the 1951 season and the College fielded a Ski team to compete with other small colleges in the Metropolitan area. This is the first time Upsala College has been represented in skiing competition by any organized team.

The club participated in five racing meets with various other metropolitan colleges.

Jan. 7 Stevens Invitational Meet.
Jan. 14 Upsala Invitational Meet.
Feb. 10—11 Greater Metropolitan Meet.
Feb. 17—18 New Jersey State Championship Events.
Mar. 3— 4 Rutgers Invitational Meet.

Ted Hewat, coach and manager of the Ski Club, provides competent instruction for all those who desire it.

Delegates from Upsala regularly attend meetings of the Eastern Amateur Ski Association, the New Jersey Ski Council and other parent Ski organizations.

Thus, Upsala has spread its influence into one more area of activity and has proven to be a worthy participator in that area.

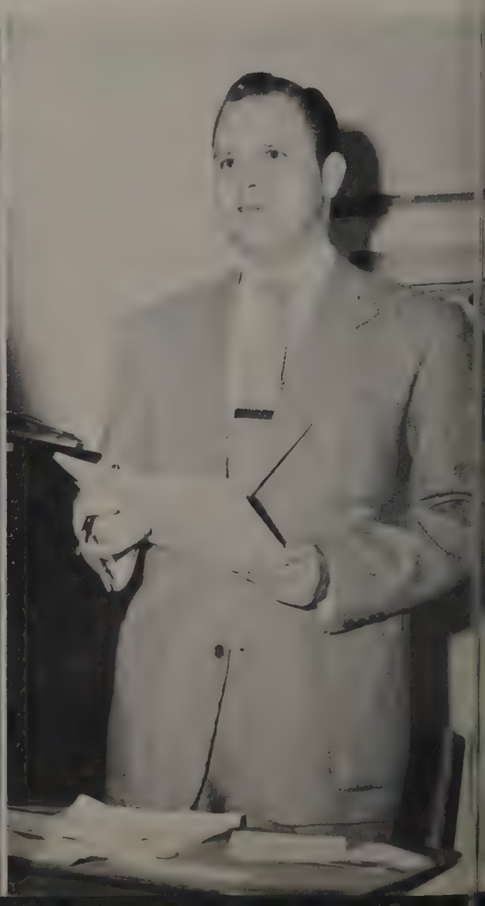
ACTIVITIES

UPSALA COLLEGE CHOIR

"This should be the beginning of the tradition at Upsala of which the college may well be proud," wrote a music critic a few years ago, after hearing the Upsala college choir in a guest performance at Yale University. His prediction has been amply fulfilled. Through the extensive annual tours, these choristers have won for Upsala an enviable reputation. The choir has traveled as far as Vermont, to the north; Virginia, to the south; New York City to the east; and Ohio to the west.

Joseph Davis is an Upsala alumnus who, as a student, was one of the more active members of the campus society. The former Spring Week chairman continued to serve his Alma Mater and even today, among other tasks, arranges choir tours and manages choir affairs.



The Upsala college choir, ably conducted by Miss Gladys Grindeland, is numbered among the small and select groups of choirs in this country which maintain only the highest standards of choral singing.

The choir has sung at Town Hall, in New York, and not one adverse criticism was heard from the full house in attendance, which included professional critics.

A guest appearance in the Cathedral of Saint John The Divine at the invitation of the Bishop of New York and a coast to coast radio concert over N.B.C. were also included in the 1950 agenda.

The Spring Tour of the 1951 season included concerts in:

March	30	Stamford, Conn.
March	31	Bridgeport, Conn.
April	1	New Britain, Conn.
April	2	Gardner, Mass.
April	3	Manchester, N. H.
April	4	Brockton, Mass.
April	5	Providence, R. I.
April	6	Worcester, Mass.
April	7	Naugatuck, Conn.
April	8	White Plains, N. Y.

The choir also gave special concerts this year at:

April 13 Passaic Valley High School
Little Falls, N. J.
April 26 North Arlington High School
April 14 Panzer College, East Orange

In addition to the above appearances the choir also serves at the college's Baccalaureate and Commencement Services.

It is only fitting to say that the Upsala College Choir is the apex of extra curricula activity with a tradition unequaled by any other organization functioning on Upsala's campus.

Miss Gladys Grindeland, the driving force behind Upsala's choir, has pushed her organization to one of the leading positions of nationally famous choral groups.

FOOTLITE CLUB

"Where is the lumber? Are the costumes here? Who's in charge of props around here anyhow?"

For six to ten weeks prior to the opening curtain, a large crew of people is working hard to bring you good entertainment. John Carlson has plotted and planned every motion and word that goes on. Down by the geology building in a dark garage Billy Wolfe, Red Van Demark, Lois Jannarone, Joan Landes, and a crowd of others spend all hours to get sets assembled, and clothed, and scrounge up furniture, and Anne Loewengart and her staff practice with the grease paint so that make-up will be perfect. All this, plus a rigid rehearsal schedule for the actors.

John I. Carlson, Upsala's dynamic director, has brought the Footlite into a spot of prominence among the major campus activities. His productions have made new larger audiences aware of the Footlite Club's potentialities.

We see the glamour of the performers but we often fail to realize that the quality of the performance is dependent as much on the kids handling lights, props, and make-up, and the stage manager who bears the burden of everyone's woes. Then there is the omniscient, omnipresent director, John I. Carlson. He manages to break up the task into its component parts and at the right moment pulls everything together into a well organized unit. How he manages to keep everything running and integrated is a mystery, but it is done as flawlessly as conditions will permit.

Yes, Footlight Club spells hard labor to its many members and glory for only a few. The working together, the camaraderie, the feeling of the task completed, however, is an edifying experience.

It is rare to find a club that is not a Greek letter organization that is as unified as this one. The Footlight Club's aims include the development of good theater for good entertainment, offering an opportunity for students with creative, dramatic ability to apply these abilities.

The list of Footlight's accomplishments this year is impressive: "Invitation to a Murder."

WVIK

The newest large organization on campus is the student radio station, W.V.I.K., Radio Upsala. This organization was formed in October, 1949. It took a year to prove itself worthy of being classed as a recognized activity meriting gold "U" points. W.V.I.K. in the infant state began to cut its teeth in one small room, which it shared with W2NSG, the ham station on Upsala's campus. W.V.I.K. started actually broadcasting on February 20, 1950.

The officers at that time were: Martin B. Finn, Program Director; Ray Carlson, Production Head; Carl Moody (class of '50) Announcing Head; Alan Siegelson, Music Director; William Weaver, Writing Head; Ivan Moray (class of '50) Business Manager; James Lowry, Head Engineer; and Prof. Rodger Larson, Faculty Advisor.

During the summer of 1950 plans were made to expand the studio and facilities in general. The Administration gave them the entire top floor of 318 Prospect Street and some of the students volunteered to cut their vacations short in order to work on the construction of the new studios. The entire interior of the present studio was accomplished by means of student volunteer work, which is no mean feat if you have had the chance to observe the finished product. The studio as it stands today is made up of two separate studios with provisions for a third, the central engineering booth and a separate office—waiting room combination. All in all the students who formed and those who operate our radio station have a perfect right to be very proud of it.

The Student Council is an organization geared to unify Upsala and its student body into a democratic college community. It affords opportunity for students to voice their opinion and coordinate their social activities toward the establishment of a well-balanced college program.

Each class is represented on the Council. Representatives are selected on the basis of qualities of leadership, unselfish interest, and willingness to devote their best efforts to an important cause. The representatives of the Freshman Class are elected shortly after the beginning of the Fall Semester.

Student Council activities are necessarily varied. Some of these activities are as follows:

1. National Students Association
2. Campus Chest
3. Bulletin Board Supervision
4. Spring Week Activities
5. Gold "U"—revised system
6. Class Rings
7. Dormitory Room Deposits, and other student finance problems
8. Cheer Leaders
9. *Crusade For Freedom*
10. Who's Who in American Colleges and Universities-(discontinued)
11. Campus Elections
12. Campus Relations Committee
13. Pep Rallies
14. Traditional Frosh Hazing
15. Homecoming Day
16. Lounge Room addition in Cafeteria
17. A student-faculty Court, to handle parking appeals

From the above list of activities it is apparent that the Student Council is not a mere figure head but a vitally active organization constantly striving to weave the vine of student-administration interests into one functioning force.

GAZETTE NEWS STAFF

For the Gazette and its staff this year has been one of major importance. Traditions have been maintained and traditions have been altered. The tradition of hard work has definitely been upheld, and each Friday a new issue of the Gazette greets the student body.

The constant progress of the Gazette was not even hampered when Bill Cronk, Editor-in-Chief, was called into the armed forces last February. Bill Cronk was an amazing editor. He was not only a fine journalist, but also an outstanding scholar. Bill maintained his rating as an honor student even while he served as editor.

Upon the departure of Bill Cronk, Dave Martindell undertook the responsibilities of Editor-in-Chief. Dave is given full credit for establishing the merit system. Members of the staff receive honor points for attending Gazette meetings—which are now held weekly—and for meeting deadlines with properly prepared copy. Upon earning a required number of honor points, any individual on the Gazette staff is eligible to be presented with a key at the end of the school year.

The staff is a great deal larger this year. It is the sincere hope and aim of the Gazette crew that with a larger staff it will be possible to provide a complete coverage of all college activity.

A goal of many of Upsala's newspapermen has at last been realized. Early in the Spring of 1950 a movement began to install a chapter of Pi Delta Mu on Upsala's campus. Pi Delta Mu is one of the largest and best-known Honorary Journalism Fraternities. Roy Maloney may well be considered the driving force behind this action, but he had active support from many quarters. At a recent banquet sponsored by the Gazette, Upsala became a chartered member of Pi Delta Mu. Individuals of the staff will be elected to membership upon the basis of good workmanship.

The Gazette has been fortunate in having good leaders this year also, such as Bill Cronk, Dave Martindell, Ann Walsh, Audrey Brown, Ray Carlson, Ruth Grosman, Bob Gorlin and Dick Saxer.

Those students who have never worked on a yearbook will never be able to realize the tremendous burden on the shoulders of a few. No matter how large a staff you have listed on the roster, the majority of the work always falls upon a few students. This situation has and probably always will exist in the future.

Nevertheless, all things which make for progress being acceptable, the staff has used every trick in the trade to produce a yearbook that can compare with any book produced by college students.

SERVICE ORGANIZATIONS

Dedicated to service, the Blue Key is active in many of Upsala's functions; from ushering at concerts to the lowest manual tasks. First row: Mastrabattista, Wolf, Swanson, Hinkley, Bergquist. Second row: Lawrence, Henderson, Bronson, Kietzman, Modean, Kaplan, Olson, Hegg, Sommer.

BLUE KEY

The rendering of service, "either at the suggestion of this organization, or upon the request of the Administration, student council, or recognized college organization," is one of the highlights of the Blue Key's constitution. This national honor society strives to include all outstanding personalities on campus in its membership. New members are suggested by any present member, and the tapping ceremony takes place in the spring. After a year's meritorious service in the organization, Blue Key members are awarded keys. Bud Swanson is president of the society, and Professor James Ferguson is the faculty advisor.

GREY KEY

The Grey Key Society is the feminine counterpart of Upsala's Blue Key and is dedicated to the service of the campus. Its members act as hostesses and usherettes at many of the Upsala functions. First row: Syvertsen, Thierfeldt, Heineman, Schron, Forsberg, Hoaglund, Lindberg. Second row: Upton, Jannerone, Holm, Sodergren. Third row: Brewer, Meyer, Steinbaum, Smith, Johnson, Swanson, Pierson.

GOLD "U" SOCIETY

Selected for their extra-curricular merits, the Gold "U" Society increases each year when prominent campus personalities receive their Gold "U" awards at the Spring Week banquet. The eligibility for this award is determined by an impartial board. Left to right: Swanson, Ballou, Lindbloom. 2nd row; Paterson, Dutton.

ALPHA PHI OMEGA

The members of Alpha Phi Omega are prominent men on campus, for wherever a helping hand is needed, an A.P.O. man is certain to be around to lend one. Upsala's Nu Chapter of this national service fraternity strongly upholds its principles of leadership, friendship, and, above all, service. The campus recreation hall is sponsored by A.P.O., and one of the frat's most outstanding accomplishments this year was to establish a Dean Ericsson Scholarship with $2,000 gained from the rec. hall funds.

Whenever the call for help arises, Alpha Phi Omega is called upon to render service. First row: R. Johnson, Swanson, Peterson, Nystrom, W. Johnson. Second row: Hengel, N. Dragelin, Martindell, Frid, Deane, S. Anderson, Hagstrom, J. Dragelin. Third row: Carlson, Madison, Deitz, De Poortere, Ericson, R. Anderson, Kern, Forsberg, G. Johnson, Youngs, J. Anderson. Fourth row: Kirk, Spring, Sundquist, Kalf, Paterson.

In the annual Homecoming Day Parade of 1950 at which the Hollander Trophy is awarded to the most successful float, Alpha Phi Omega excelled its competition entering a gigantic trophy. Pictured is Roy Peterson, APO President, holding the Hollander Trophy.

Alpha Phi Omega members voted unanimously to inaugerate a Blood Bank Drive and the resulting forty-seven pints of blood from Upsala students and faculty were drained by the East Orange Red Cross Field Office.

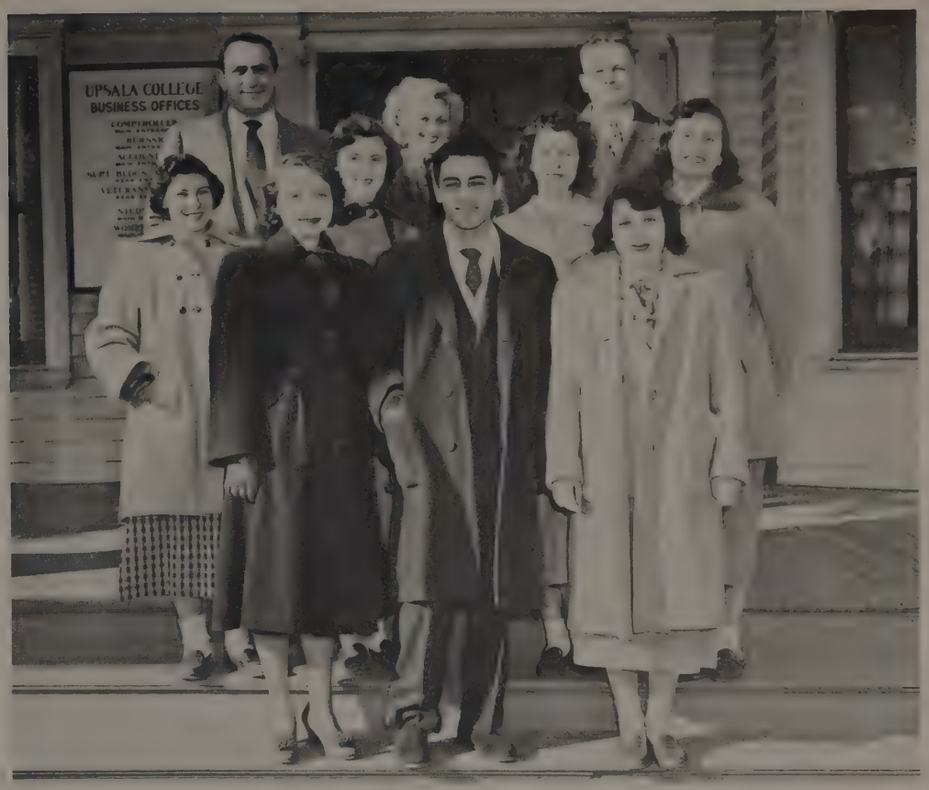
MATHEMATICS CLUB

Insufficient class time for discussion of complicated and fascinating math problems does not thwart those who are really interested in the more remote fields of mathematics. Left to right are: 1st. row; Prof. Nordgaard, Ruppert, Prof. Reed. 2nd. row; Kolk, Sachs, Larson, Johnson. 3rd. row; Prof. Lintredt, Netzler, Stachel, Hamilton.

SPANISH CLUB



Students who speak Spanish or are interested in their customs are welcome members of the Spanish Club. Left to right: 1st. row; Batista, Batista, Carnegie. 2nd. row; Kennelly, Diamond, Iuso. 3rd. row; DelMonte, Cox, Prof. Taylor.

FRENCH CLUB

The French Club strives to further French culture on the campus. During the past year they have presented plays and even a puppet show. Left to right: Dr. Wood, Beck, Feldman, Jollimore, O'Neal, Batista, Lair, Wheeler, Lowry, Bloomquist, Samuelson.

HISTORY CLUB

The History Club members put a new focus on facts of the past with their lively discussions of historical novels, showing that the events presented so dryly in the textbooks so affected real people and attitudes of their times. Left to right are: 1st. row; Cullenberg, Johnson, Spiro, Lindbloom, Stone, Pierson. 2nd. row; Harrison, Herbert, Evankow, Gill.

PHILOSOPHY CLUB

The Philosophy Club's potentialities rose to new heights during the past year, partly due to the addition of Dr. Wolfgang Zucker as faculty advisor.

Pictured left to right are: 1st. row; Dietz, Beck, Dean Nilson, Bowen, Dr. Zucker, Willets, Saxer, Miss Pauly. 2nd. row; Proescholdt, Grimshaw, Hier, Burkert.

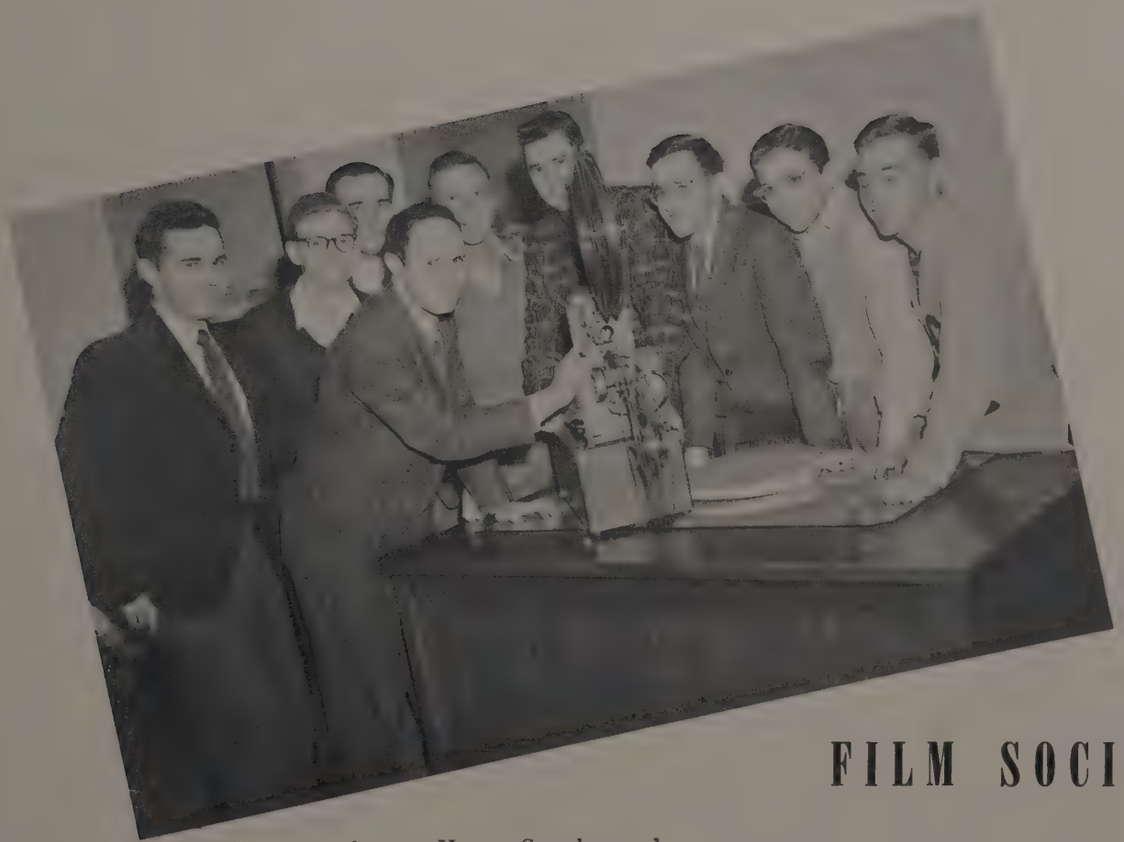
JUNIOR LITERARY GUILD

Keeping alive an interest in literature and observing the trends of the writing world, the Junior Literary Guild manages to stay busy. Among its accomplishments was the sponsorship of the film, "A Walk in the Sun" and a talk and discussion of Carl Sandburg's poetry. Miss Walters advises the club, and the officers are Nancy Veltre, president; Margot Carlson, vice-president; and Elsie Lindblom, secretary-treasurer.

PHOTOGRAPHY CLUB

Upsala's Photography Club is becoming more and more noticeable on campus, especially through its "Picture of the Month" project, that stimulates the members to produce their best.

Front center; Johnson. Left to right; Poots, Mr. Pratt, Linder, Versfelt and Lempicki.



FILM SOCIETY

Lest we forget, Harry Sternbergers', private advertising campaign, every night in the cafe, "Going to the movies tonight?" Left to right: First row; Kane, W. Johnson, R. Johnson, Sternberger, Schott, Ivins, Dorris, Spivak, Fries.

GREEKS

THETA BETA GAMMA

One of the oldest and largest—that's the Theta Beta Gamma Sorority. One of the aims of the Thetas is to promote friendliness among all campus groups.

The annual Theta Bridge Party is one of the activities sponsored by this group. Through such functions they hope to promote friendliness on campus, but the party served another great purpose also: it netted five hundred dollars which was donated to the Upsala Gymnasium Fund.

The Thetas, together with Alpha Phi Delta Sorority, merit recognition for the Sweetheart Formal of 1951. The reception, held at the Elizabeth Cartaret Hotel, was a major event on the social calendar.

Theta Beta Gamma Sorority was proud to be the co-winner of the Hollander Trophy, Honorable Mention on Homecoming Day of 1950.

The Thetas have done much to add to happy memories of college life, not only for their own members, but for other students as well.

Pictured left to right are: 1st row; Whitney, Anderson, Brewer, Smith, Mac Intyre, Ingham, Anderson. 2nd row; Forsberg, Veltre, Rheberg, Upton, Lancton, Mc Kinley, Hoaglund, Smith, Carlson.

One of the largest, oldest, and most active sororities on campus is Tau Beta Sigma sorority. The Taus celebrated their thirtieth anniversary in 1950, which is proof enough of their being one of the oldest sororities on the campus today.

The "red hat and white jacket" girls have endeavored to strive, through friendship, for higher ideals. To strive for higher ideals doesn't reach the apex of nobility that rightly belongs to it unless something is done about it. Actions speak with a very strong voice.

One of the sorority's most notable accomplishments is their annual Scholarship Award. This Award of twenty five dollars goes to the junior who has obtained the highest scholastic average and is made possible by the alumnae of the sorority, who, by this gesture, show that the gift of fellowship that they have received is not uprooted by graduation. It is a fortunate person, indeed, who can combine the social with the academic and produce a well-rounded life. The Taus strive to do just that in their every day college life with a special eye toward the scholastic endeavors.

TAU BETA SIGMA

The "red hat and white jacket girls." Left to right: 1st. row; Larson, Sheres, Benson, Quad. 2nd. row; D'Allessio, Swanson, Stone, Pierson, Ellor. 3rd. row; Keene, Beck, Iverson, Johnson, De Cillis, Ranon, Suydam, Jensen.

The "Lambs" consider extra-curricular activities a vital part of campus life. Left to right: 1st. row; Cohen, Hasburg, Epstein, Schreiber, Isaacs, Mrs. Lichtman, M. Cohen, Bernstein, Kaplan, Bleemer. 2nd. row; Westerman, Edelson, Behr, Sieven, Gross, Green, Cohen, Lauter.

LAMBDA SIGMA ALPHA

The Lambda Sigma Alpha sorority is one of Upsala's largest sororities. The large membership is advantageous to the campus as it participates in many of the extra-curricular activities.

To be interested in an organization, enough to put yourself at an inconvenience, is showing the best type of active interest. Without such interest a college or university lessens in appeal as a human institution and since only part of the thing we call a college education is absorbed in the classroom, much of the "higher learning" is received from extra-curricular activities. These activities are not "Extra" at all—they must be considered a vital part of college life.

CHI DELTA

The aim of the Chi Delta sorority is to create friendship and to promote college spirit. This aim is a large one and takes into consideration all that is part of Upsala College.

Since the public events of the school are so very important in representing what our college offers the surrounding community, such events should be brimming with college spirit. One of the most important occasions is the crowning of the Spring Queen during the annual Spring Week. The Chis were in charge of the Coronation ceremony and did an outstanding job. The touch of austerity so much a part of any coronation was there as well as the touch of simplicity.

The Chi Delts reached a new "high" when they became the proud possessors of the Intramural Basketball Trophy. They had previously won the Hollander Trophy. These trophies stand stalworthy as material proof that the Chis are actively interested in promoting friendship through sports and competitive activities.

Chi Delta Sorority and Phi Omega Chi soroity combined to hold a successful reception in April. It was the final open reception of the school year.

The Chis eagerly pursue their worthy aim, and bring much happiness to themselves as well as to many others in doing so.

The "Chis" promote school spirit. Left to right: Mard, Hendricks, Uicker, Bjoro, Bloomquist, Polturak, Sodergren, Samuelsen, Brask. 2nd row; Lilja, Olson, Peterson.

ALPHA PHI DELTA

The "Alphies" bring new girls into unified social activities. Left to right: 1st row; Mackie, Schron, M. Peterson, P. Peterson, Gentile, Fraser, Colodny. 2nd row; Williams, Le Feure, Yankowski, Hakusa, Meyer, Veith.

Alpha Phi Delta sorority, whose members are more familiarly known on campus as the "Alphies," was chartered in 1928. Since that time, the Alphies have been known for their interest and activity in many campus functions. Their major aim is to "meet new girls and bring them into unified social activities."

Their activities for this past year include: a prize winning float in the Homecoming Day parade; a successful Sweetheart Formal in February; several closed parties, which included a dinner dance in April; a senior farewell luncheon in June, and various other holiday parties. The Alphies also contributed financially to the Japanese and Estonian student campaigns.

When an Alphie graduates from Upsala, her sorority affiliations do not end, for she then becomes a member of the strong Alphie Alumni group.

PHI OMEGA CHI

One of the specific aims of Phi Omega Chi is the establishment of a close bond of friendship among its members. However, the bond of friendship developed among the members of the sorority does not stop within the confines of this particular group, but spreads out over a large radius.

The Phi Om girls are ever trying to maintain high standards of scholarship. They feel that if these two aims are realized they automatically fulfill their third ideal. This ideal, most important of all, is that they may be a credit to Upsala and themselves.

A friendly group of girls is destined to be successful in social affairs. And in this field, too, they rate merit. The Phi Oms together with the Beta Phi Sigma Sorority sponsored a very memorable reception at the Canoe Brook Country Club during 1950.

So many students have become interested in Upsala because they were told the college is a friendly one. The Phi Omega Chi Sorority shares a great deal of the credit in establishing this reputation.

The "Phi Om's" have built up a reputation of friendliness. Left to right: 1st row; Cox, Johnson, Holm. 2nd row; Thierfeldt, Mac Culloch, Kocon, Syvertson. 3rd. row; Brown, Unsworth, Walsh, Mueger, Slovak.

SIGMA DELTA MU

The Sigma Delta Mu sorority backs up many of the worthwhile campus activities. Left to right: 1st. row; Shonedorf, Brecker, Bronstein, Wilkenfeld, Alpert. 2nd. row; Ginzburg, Claire, Grosman, Spiro, Steinbaum. 3rd. row; Wien, Stoffer, Shavelson, Sneider, Rose.

DELTA BETA DELTA

The Delta Beta Delta's actions speak louder than words. Left to right: 1st. row; Lair, Sachs, Rutty, Terwilliger. 2nd. row; Ewald, Dayko, Jollimore, Ballou, Bowen, Quinn, Johanson.

Am I my sisters' keeper? With the Delta Beta Delta sorority, this question changes from a theoretical one to an actual one. The present age is one in which many people say a great many things—but still the true test remains,—how much action accompanies those words. Those who know the D.B.D.'s for the sincere group of girls that they are know that action is there. Many have echoed the phrase that America is "the melting-pot of the world" but all of those should quickly add "and that's what makes her strong." The Deltas' aim to promote inter-racial and international relationships among students of Upsala is one of the most vital activities that any college could attempt to do.

During 1950, the Deltas made it possible for two Estonian girls to attend Upsala. This is one of the specific realizations of their high ideals.

BETA PHI SIGMA

Although the Beta Phi Sigmas are not a large group, what they lack in number is more than compensated for by spirit. One of the aims of the Beta Phi Sigma sorority is that of promoting charity among our fellow students. Charity is one of those convenient words that encompass so much that it becomes awe—inspiring.

"These three, faith, hope and charity, and the greatest of these is charity."

The Betas have backed up this aim of charity by staging a campaign for aid to Disabled American Veterans. The Betas knew that giving aid to the veterans was an extremely worthy cause. They asked themselves, "What can we do?" The answer was—give what you can, time, money or services, but give, don't just talk about it. Thus their campaign was born and at the same time something else was born—a feeling of warmth and gladness to have done something for others.

The college is proud of the Betas and all they stand for, but, they aren't looking for praise. They are smiling inside— " . . . the greatest of these is charity."

The Beta Phi Sigma's concentrate on charity. Left to right: Front row; Best, Lloyd, Gustafson, Sheps, Seebeck. Back row: Winston, Dramond, Keller, Stroffin, Lachman, LaManna.

INTER-SORORITY COUNCIL

This group comprising Upsala's sororities has the job of governing sorority functions. Left to right: 1st. row; Gustafson, Edelson, Ballou, Holm, Meyer, Brewer, Ewald, Lloyd, Swanson. 2nd. row; Smith, P. Peterson, Stienbaum, Johnson, Dicker, Grossman, Pierson, Brask, Mackie.

PAN-HELLENIC COUNCIL

In a tightly knit and closely coordinated network of organizations, it is necessary that each act in relation with the whole so that the whole draws benefit from the individual. By raising the standards of the campus society and by closely coordinating their activities, the fraternities and sororities serve this purpose, and by serving this purpose, they comprise a "core" that other activities may be built around.

During this past year they were behind almost every project that was attempted on campus either directly or indirectly. Their support meant the success of worthwhile projeccts, while the less worthy causes failed to materialize.

The Pan-Hellenic Council is the coordinating agency between fraternities and sororities. Left to right: 1st. row; Mackey, Meyer, Swanson, Iverson, Lloyd, Ewald, Greenberg. 2nd row; Olsen, Lilja, Gustafson, Grosman, Brewer, M. Carlson, Steinbaum. 3rd row; Groezinger, Polson, Puffer, Haug, Kemp, Whelan, Olson. 4th row; Gorlin, Steiner, Malnak, Eldred, Denardo, Nutting.

THETA EPSILON

Theta Epsilon Fraternity was founded in New Orange, New Jersey (now Kenilworth) in 1899, by a group of students led by Reverend Nelson. The group of men lived on the top floor of Upsala's only building (Old Main). They called themselves "Gods" and their home "Mount Olympus," and therefore became known as "Olympian Gods."

Being the oldest fraternity, its history has been closely allied to that of Upsala, so that their histories are as one, built by "faith, hard work, and triumph."

It is natural that Upsala has drawn upon Theta Epsilon for leaders in all phases of college life. True to the high ideals and aims of Theta Epsilon, the "Gods" have been unselfish in their devotion to college, country, and fraternity. Such is the glorious tradition that the "Gods" of today and of the future inherit.

First row: Polson, Peterson, Benson, Wilson, Groezinger, Rosenberg, Gramkow. Second row: Paterson, McLane, Werner, Berg, Madison, Lindgren. Third row: MacLeod, Bittner, Robertson, Luke, Asmuth. Fourth row: Buchanan, Sommer, Butler, Pityo, Anderson, Lindgren, Van Splinter.

The "Hooters" are a popular crowd. Left to right: 1st. row; H. Swanson, Stachel, Paul, K. Olson, Costabel, Armbruster, Steiner, Wolfe, Rawding, Lewan. 2nd row; Hegg, Hengel, Roth, Lundquist, D. Olson, Gustafson, Swanson, Henderson. 3rd row; Bronson, Trethway, Hall, Anderson, D'Amiano, Foster.

PI DELTA PHI

The history of Pi Delta Phi Fraternity dates as far back as the late 1800's when Upsala was located in Brooklyn. It was there that Pi Delta Phi gained the nickname "The Owls," for their fondness for chatting over coffee-cups into the wee hours.

During their long years of existence, the Owls have tried to maintain their high aim of loyalty to their fraternity and college. Their goal has been visualized in active participation in fraternity and college functions. During the past year they aided the community by taking part in the Community Chest Drive of East Orange. Many Owls are working members of various clubs and organizations of Upsala. In varsity sports as well as in intra-mural sports the Pi Delta Phi members are active participants. The Owls can also be remembered for assisting in the preparations for the Mid-Century Convocation.

The favorable development of the individual is the worthwhile goal of the Eta Delts. Left to right; 1st row; Salerno, Kirk, Cullen, Zern, Kietzman, Mastrobattista, Ryan. 2nd row: Clinch, Frid, Schaub. 3rd row; Pataky, Patrick, Puffer, Haig, Martini.

ETA DELTA

Ever since their founding in 1926, the brothers of Eta Delta have endeavored to develop loyalty, honesty, and virtue in the individual character through the medium of fellowship.

The Eta Delts undertook and successfully executed a major project last fall when they established a concession stand at Viking field. Their refreshment center was a great source of comfort to football fans on cold football nights. In maintaining this concession Eta Delta not only served the members of Upsala, but our future gymnasium as well. A certain percentage of the profits was donated to that cause.

ALPHA SIGMA UPSILON

The Alpha Sigma Upsilon has been in existence and functioning actively since 1933. The aim of A. S. U. is to wield the members into one functioning brotherhood and to strive for the constant progress and welfare of Upsala College at every given opportunity.

The accomplishments of the fraternity have been many and varied. During the past year A. S. U. sponsored the first dance of the year, participated in the Inter-Fraternity Basketball League, and entered a float in the Homecoming Day Parade. During the Alpha Phi Omega—sponsored Red Cross Blood Drive, the members were numerous among the ranks of those donating blood. A Halloween and New Years Eve party was also on the roster of events of the past year.

First row: R. Ruppert, C. Cullenberg, G. Dreyer, F. Bemis, E. Pedersen, C. Harrison, C. Whelan, Doctor Roetter. Second row: H. Mullins, P. Kolk, R. Cousar, W. France, H. Scottson. Third row: R. Haug, R. Davis, W. Johnson, A. Edelhoff, B. Lawrence. Fourth row: R. Swenson, T. Downs, A. Hyde, E. Holmgren, W. Lawrence.

KAPPA BETA PHI

The Kappa Beta Phi Fraternity's goal is not concentrated only upon the present but also upon the future. Through a genuine spirit of brotherhood, Kappa Beta Phi endeavors to provide its members with the best possible opportunities for becoming outstanding men at Upsala. Through an inclusive program of scholarship, athletics, and social activity, Kappa brothers prepare to become outstanding citizens of their respective communities.

The Kappas undoubtedly proved their liking of and skill in athletic activities by winning the Intramural Football League Championship. They also rated high in the Intra-mural Basketball Contests.

Their ability in social affairs is illustrated in the successful execution of the Christmas Formal at the Knoll Country Club.

The year 1950 provided another occasion for the Kappas to demonstrate their social adeptness, for this was the year of the tenth birthday of Kappa Beta Phi.

RHO ALPHA PHI

The Rhos contain in their ranks many of the outstanding campus athletes. Left to right are: 1st. row; Del Monte, Schneidenbach, Denardo, Fortunato. 2nd. row; Martindell, Clemence, Smith, De Nichols. 3rd. row; Saxer, Mills, Hakusa, Norfolk. 4th row; Rogers, Bauer, Skea, Rowan. 5th row; F. Rogers, Farley, Lavàn, Hansen, Kull. 6th row; Force, Sole, Malnak.

SIGMA GAMMA PHI

The members of Sigma Gamma Phi are interested in promoting good fellowship among their fraternity brothers and among all the students of Upsala College. Another worthy aim consists of efforts to further promote the great name "Upsala."

Last year they were partly responsible for one of the most successful Homecoming-Day programs in the history of the school.

Fellowship at Upsala are their by-words. Left to right: 1st. row; Kemp, Duffy, Shenis, Anderson, Nutting. 2nd row; Kirsch, Kurkewicz, Nelson, Astorino, Ohle, Czarnecki, Hayden. 3rd. row; Leeds, Fitzpatrick, Arrhens, Van Balen.

The ranks of Omega Tau Alpha tolerate no discrimination. Left to right: 1st. row; Lee, Rescinio, Crisci, Desiderio, Kukelski, Gorlin, Keckiessen, Linnett, Hwastecki, Bankin. 2nd. row; Gevas, Yaede, Bertollo, Eldred, Stewart, Polifka, King. 3rd row; Crawford, Levine, Kirtland, Jarvis.

OMEGA TAU ALPHA

Though a relatively new organization on campus, Omega Tau Alpha has proved its worth. Its members participate in many of the campus functions and are rapidly raising their fraternity to a place of respect and honor among the campus organizations.

INTER-FRATERNITY COUNCIL

Upsala's Interfraternity Council contributes toward the unification of fraternity programs. First row: Sommer, Prince, Olson, Puffer, Fitz, Lindgren. Second row: Denardo, Whelan, Anderson, Steiner, Gorlin, R. Lindgren.

Required to wear skirts, pardon me, KILTS, during the 1950 Hazing season, these brave Scots, Robertson and Mac Leod are forced to defend themselves against frat brothers Rosenberg and Cerand, who seem to want to peek.

RECEATION ROOM

The most recent structure on the Upsala campus is the new mens' dormitory or "Dorm X" as it called by its inmates. "Dorm X" can boast of having the only student television set on campus. The set was left by students of the Prudential Life Insurance Company who came from Canada to study in Newark and stayed at Upsala.

The dormitory also has an active government and a democratic council. Each inmate is entitled to equal voting power.

The new recreation room in Bremer Hall, though inadequate in size, is the first step towards providing space so that mixed students can entertain themselves with ping pong, puzzles and other "rec" room activities.

It takes more than going to classes and studying to trun out a well-integrated individual. Dormitory life helps in a large measure to complete the finishing process in personality development.

The life at Bremer Hall, while often hectic, teaches one to live with one's colleagues in a social and personal environment. The rough-house and playing, the water throwing contests and perfume attacks are only part of the fun of life at Bremer. We learn when this clowning is appreciated and when quiet and study are the order of the day. In our every day experience of living together we cannot help but learn to respect the rights of others.

In bi-monthly House Meetings we democratically air our complaints and discuss the adjustments which must be made in order to have an efficient but pleasant "home" at college. House Senate is elected by the residents and it decides on the punishment for infractions of the rules. We dare not be late or we must stand trial before an impartial jury of our peers; and there are none as strict as our own peers.

Smiles, pride in her dorm, and relatively good grades are always indicative of a Bremer girl.

EAST ORANGE

Student nurses from East Orange hospitals have taken courses at Upsala for the past years, but have not had any representation in the Upsala publications. We feel it our duty to give them some of the credit they deserve.

These often-seen, seldom-noticed student nurses are a vital part of Upsala's body of special students. Spending sometimes up to fourteen hours a week on the Upsala campus, they take courses in Anatomy, Physiology, Chemistry, Sociology, Psychology and Microbiology.

They form an inconspicuous group but a group Upsala should be proud of.

Student nurses from the Luthern Memorial Hospital have been welcome members of the campus society, for the past five or six years—and with good reason.

The Lutheran Memorial Hospital was the first such institution to take advantage of what Upsala has to offer in the field of science, and will probably pave the way for other hospitals in the area.

Reverend Arthur Herbert, Director of the hospital, expresses his hopes that the student nurses will, in the near future, not only study the sciences at Upsala, but also English and other vital courses on the college program.

Greetings

TO THE 1951 GRADUATING CLASS

This is an inspiring moment in your lives. Behind you are the years that time itself will hallow. Before you lies a challenging world.

If we may draw from years of experience, if we may be guided by what we know to be basic truths, we would counsel each one of you to continue your education, if at all possible. The best opportunities in any competitive enterprise go to those who are prepared with knowledge.

But above all else, be mindful of your responsibility as honorable citizens of our country. It is to you young Americans that we look for the continued prosperity of our nation, for the preservation of its ideals and heritage. Wear this sober mantle with dignity.
